

Secure your work in an instant with Cross Check™ Fast.

Meets rigorous OEM specifications in industries including transportation, heavy machinery, energy, telecommunications, and more.

Our new formula reduces dry time by **90%!**
Full cure time has accelerated by **75%!**

Everyone knows that time is money, especially when it comes to industrial operations. And everyone knows that quality is key to your reputation. Cross Check™ Fast delivers a solution for marking critical bolts, fasteners and fittings where every second counts. Our improved formula provides savings by allowing you to accelerate your quality and safety procedures both in manufacturing and maintenance.

Our quick-dry formula is also safer to apply. It quickly develops a protective skin that prevents material from transferring to the person applying it.

BENEFITS

- Quick Application with Fast-Dry Formula
- Resists Hydraulic Fluids, Fuels, and Fungus
- Allows Easy Inspection of Nuts and Bolts
- Provides Warranty Protection Against Tampering
- Safe for Most Surfaces

OEM VALUE

With Cross Check™ Fast, your time-critical assembly processes will not be compromised by a slow-drying marking product. The quality assurance and tamper proof protection provided by Cross Check™ Fast gives you peace of mind that your product will operate safely once put into service.

MRO VALUE

Don't let dry time cripple the efficiency of your maintenance teams. Cross Check™ Fast can improve turnaround time to bring your critical equipment back to service quickly.

INSTANT SECURITY

MARKAL®

Within being submerged for 5hrs in unleaded gasoline.
