

KB 88[®]

THE ULTIMATE PENETRANT

FEATURES

- Formulated to attack and quickly release rusted and corroded nuts, bolts, hinges, and other frozen components
- Aggressive formula bites through corrosion to free bonded parts quickly
- Low surface tension supports fast penetration
- Red color makes it easy to identify where product has been applied
- Displaces moisture
- Inverta Spray Valve can be sprayed at any angle
- Conforms to VOC regulations in US and Canada
- Contoured can for improved hand grip

The powerful penetrant that quickly releases rusted and corroded nuts, bolts, and other frozen components.
